## "ARISE AND PROTECT YOUR HERDS"

Chicago, Nov. 12.—(Protesting against an order by A. D. Melvin, Chief of the Bureau of Animal Industry, to save as many animals as possible in herds infected by foot and mouth disease, on the grounds of economy, Arthur C. Leonard, general manager of the Union Stock Yards tonight telegraphed Frank Hagenbarth, president of the National Wool Growers Association now in convention at Salt Lake City calling on the men of the west to "arise and protect their flocks and herds." Mr. Leonard asserted the government's policy endangered the value of live stock worth three and one half billion dollars.

Thought Bureau Successful.  
"Until now," read the message, "we confidently felt that the bureau of animal industry at Washington was successfully coping with this dreaded scourge of Europe, the foot and mouth disease. They were pursuing a policy of annihilating herds that were infected. The following telegram dated November 11, has been received from S. E. Bennett, chief of the federal inspectors at the stock yards here:

Springfield, Ill., Nov. 12.—Official returns from all the down-state counties of Illinois and unofficial returns from Cook county show that the Democratic party elected two of the three trustees of the University of Illinois, although early reports were to the effect that the three Republican candidates had been elected. The three trustees elected are Mrs. Laura B. Evans, Taylorville, Republican; Robert R. Ward, Benton, and Robert F. Carr, Highland Park, Democrats. Carr has a plurality of approximately 30,000 votes while the plurality of Ward is something over 7,000.

HARD TIME SPENDING MILLIONS  
Wilmington, Del., Nov. 12.—For three years General T. Coleman Fox, the powder manufacturer, has been trying to build a \$2,000,000 boulevard across the state of Delaware. Finally the Supreme Court has dismissed the suit of those who object, and the voters of the state will be given a chance to decide whether the people want the road to be built.

cases of large herds where the disease appears in only a few animals. This message was signed by Mr. Melvin, chief of the bureau.

A Complete Reversal.  
"This is a complete reversal of the department's former attitude by which they had been invariably successful in stamping out the disease. You will note that the cause as given is 'scarcity of funds.' This cannot be accepted as an excuse for a government as rich as ours to put forth as a reason for permitting a few million dollars worth of contaminated animals to imperil the value of stock worth over three and one half billion dollars. You men west must arouse yourselves and protect your flocks and herds."

Removes Fear of Owners.  
The instructions of the chief of the bureau removed the fear of the owners of the 800 pedigree dairy cattle exhibited at the dairy show among which there are more than fifty cases of the disease, that these animals would be slaughtered. They are worth \$3,000,000.

Dr. Simeon Flexner, the noted bacteriologist of the Rockefeller foundation arrived here today and began an investigation which he hopes will lead to the isolation of the germ of the disease. If successful he will seek a serum for its prevention.

Attempt to Evade Quarantine.  
St. Joseph Mo., Nov. 12.—Alleged attempts by stock raisers in Iowa to evade the quarantine in that state caused circulation today of a report that Worth county, Mo., had been placed under quarantine because of prevalence of the foot and mouth disease. Information that a herd of sheep had been driven from Iowa to Irene, Mo., in Worth county, brought about an investigation by J. H. McElroy, deputy state veterinarian, who compelled the owners of the sheep to return them to Iowa. It was reported that the sheep were not infected with the disease and that no quarantine had been placed against shipments of stock from any part of Missouri.

Warn Hunters to Stay at Home.  
Galesburg, Ill., Nov. 12.—A warning to hunters to stay home or run the gauntlet of legal prosecutions, shotguns and angry dogs, was posted tonight by the Knox County Farmers' Protective Association, an organization of the leading farmers formed to prevent the spread of the hoof and mouth disease. The local lodge of Elks abandoned their plans for the lodge lunch which had been set for November 17.

Steamer Mohawk.

Charleston, S. C., Nov. 12.—Because he was requested not to promote the deck in pajamas and raincoat, a demented Bostonian tonight shot and killed a passenger on the Mohawk and seriously wounded Captain A. D. Ingram of the Mohawk and another passenger.

F. W. R. Hinman, business manager of the Florida Times-Union of Jacksonville, Fla., and president of the Southern Newspaper Publishers Association was the man killed. B. H. Wright of Utica, N. Y., was the other injured passenger. Both he and Captain Ingram probably will recover, physicians here said tonight. The tragedy was made known when the Mohawk arrived here today. Perkins was on the Mohawk's passenger list as an architect.

Perkins, who boarded the Mohawk at New York was placed in irons immediately after the shooting. When the ship docked here he was given a preliminary hearing before United States Commissioner Hagar and ordered held on a \$10,000 charge. Evidence tending to show he was not mentally responsible was introduced at the hearing.

## HIGH PRICE FOR BEEVES.

East St. Louis, Ill., Nov. 12.—With the lifting of the quarantine on native cattle and hogs at the national stock yards here today, \$30.45 per hundred, the season's highest price was paid for beefs. Hogs brought an average of \$7.50. Although only 318 cattle had been received at 2 o'clock in the afternoon when the official daily count ends, 700 more came in later, thereby bringing the day's receipts close to the normal daily average.

## BULLETIN.

Nashville, Tenn., Nov. 12.—The name of Dr. Anna Howard Shaw of New York for re-election as president of the National American Woman Suffrage Association heads the slate of officers ratified by the leaders of the element of the association in secret caucus here tonight. The caucus lasted until well after midnight. According to delegates present an entire ticket was named with one exception.

The caucus was held in the rooms of Miss M. Carry Thomas of Bryn Mawr. Efforts were made to prevent the assembling and results of the conference from becoming generally known, but at the close of the deliberations a printed ticket of the caucus selections was obtained and prominent members of the conference admitted that all but one of the names had been ratified by the administration faction leaders.

The full ticket in addition to Dr. Shaw follows:  
First Vice-President—Mrs. Catherine Dexter McCormick, New York.  
Second Vice-President—Mrs. Desha Breckinridge, Kentucky.  
Third Vice-President—Mrs. Medill McCormick, Illinois.

Corresponding Secretary—Mrs. Orton H. Clark, Michigan.  
Recording Secretary—Mrs. Susan W. Fitzgerald, New York.  
Treasurer—Mrs. Henry Wade Rogers, Connecticut.  
Auditors—Mrs. Helen G. Miller, Missouri, and Mrs. Patty R. Jacobs, Alabama.

Nashville, Tenn., Nov. 12.—The advent of Montana and Nevada to the ranks of the suffrage states was celebrated tonight by delegates to the National American Woman Suffrage Association, which opened its annual convention here today. In a symposium on the fight for the ballot in the seven campaign states where suffrage was an issue at last week's elections representatives of the two where amendments were successful and the five where they were lost, told of their successes and their hopes for the future.

Governor Ben W. Hooper, in an address of welcome, declared that "everyone has the sense to foresee that woman eventually will have the ballot in every state." Dr. Anna Howard Shaw, president of the association responded, reviewing recent victories and picturing in optimistic terms the future of the suffrage movement.

Mrs. Anna H. Martin, speaking for Nevada, declared her state was the "most male state" in the union. The 1910 census showing two men to every woman. The suffrage victory, she said, indicated that the men had realized their need of women in helping to direct governmental affairs.

After brief addresses by the Representatives of Missouri, Ohio, North and South Dakota and Nebraska, where unsuccessful suffrage campaigns were waged, a resolution signed by the delegates of the seven "campaign states" expressing appreciation of the work of Dr. Shaw was presented to the head of the national organization. The resolution closed with the statement:

"Your service, in our estimation, is invaluable and cannot be dispensed with and we desire to express our loyalty and gratitude."

The expression was taken to indicate that Dr. Shaw would have the support of the campaign states for re-election.

Mrs. Theresa Crowley of Boston, during the discussion today declared the committee had made a mistake in putting Senator Lodge on its "blacklist," because, she said, that action had aroused the senator's antagonism.

Miss Kate M. Gordon of New Orleans and Mrs. Maud Wood Park of Boston expressed their belief that efforts to obtain suffrage through state amendments were more important than committee's work on behalf of the federal amendment plan.

SAMUEL YOUNG, FIREMAN AT  
LIGHT PLANT, HURT BY FALLIt Taken to Passavant Hospital—  
Sustains Broken Arm, a Cut on  
the Head and One Leg Is Injured.

Samuel Young of Hardin avenue, a fireman at the electric light plant of the Jacksonville Railway & Light Company, was badly injured in a fall from a ladder at the plant Thursday night about 10:30 o'clock. He was taken to Passavant hospital where he was attended by the company's physician.

Mr. Young was engaged in putting a water glass on one of the boilers and was standing on a ladder. When he went to change from one hand to the other, he missed the ladder and fell to the floor. The fall rendered the man unconscious for some time, caused the fracture of one arm, a cut on the head and an injury to one leg.

REACH CRITICAL  
STAGE IN BATTLEDecisive Results Expected  
in Few Days in Battle  
in West Flanders

## BRING UP PICK OF ARMY

Germans Substituting Green  
Troops With Picked Forces  
Against Allies Near Ypres

## BOTH SIDES EXPRESS SATISFACTION

London, Nov. 12.—A critical stage in the battle in West Flanders has been reached and the next few days if not hours, should produce something more decisive than has yet occurred.

The Germans have continued to attack with all the forces at their command the British and French who hold the line between Dixmude and Ypres, but with the exception of the capture of Dixmude which occurred Tuesday and some little progress around Ypres, they have not been able to make any material advance.

The French official report, issued this afternoon says that all the attacks have been repulsed. The Germans are no longer utilizing green troops in this region, but have brought up the pick of their army, including some Prussian guards, who attempted an offensive movement against the British but without success.

Both sides express satisfaction with the progress of the battle. Berlin says that the attacks of the Allies have been repulsed and that their own attack is making headway; while in London and in Paris it is felt that so long as the Allies can hold the line of the canal from Neuport to Ypres their position is a strong one.

## Destroy Bridges and Railway.

In France, from the northwest to the southeast, there have been engagements of lesser importance in which according to the French report, Gen. Joffre's armies have succeeded in gaining ground and strengthening their positions. The Germans continue to destroy bridges and railways in Belgium but with what object remains a secret. It is thought however that they are making preparations to winter in that country and they are taking every step to prevent the plans from becoming known to their enemies.

The Russian army under Gen. Rennenkampf is fighting its way into East Prussia and has taken Johannsburg, which is on the railway from Lyck to Soldau, both of which towns are already in Russian hands. This gives to Russia the control of an important railway line which skirts the frontier in German territory and several branch railways running in to interior.

The central army which drove the Germans back from the Vistula has had only unimportant engagements but it is known to be pushing forward to the borders of Posen and Silesia, which the Germans are crossing.

The Russia left wing has followed the Kleeve railway to the Austrian frontier and is within a few miles of Cracow, the siege of which is imminent.

Opposed by Austrians.  
The southern army under Gen. Ruzsky is at Rzeszow, between Przemysl and Cracow and its crossing of the San river is being opposed by the Austrians. Another detachment continues the siege of Przemysl while still another is operating against the Austrians who are holding the passes of the Carpathians.

The army of Armenia whose base is on Karas, Transcaucasia, is approaching the Turkish fortress of Erzerum.

The manner in which Grand Duke Nicholas, the Russian commander-in-chief is wielding these armies and the mobility they are showing are the object of admiration on the part of military men here.

A message from Sarajevo says that the governor of Bosnia has addressed a proclamation to the Austrian army, declaring that the Serbians must be completely defeated before winter. In conformity with this, the Serbians have been driven back to their own country, but according to the Serbian account, they inflicted a defeat on the Austrians who attempted to follow them.

There is steady flow of recruits for Kitchener's army and it is expected that with the territorialists, who number 600,000 England before long will have an army of 2,000,000 men. New armies also are being organized in India.

## STEAMSHIP CHARTERED.

San Francisco, Nov. 12.—The new American steamship Camino was chartered today by San Francisco for the relief of California's purpose of carrying the contribution of foodstuffs to the oppressed nation. The cost of charter and insurance, \$60,000, will be paid either by the London relief bureau or the Rockefeller foundation.

NEGROES ROUGH  
WITH PRESIDENTPROTEST IN NO UNCERTAIN MANNER  
AGAINST SEGREGATIONNegro Delegation Complains of Al-  
leged Racial Prejudice of Bur-  
leson, McAdoo and Williams—  
Races Have Worked Together for  
Fifty Years Without Segregation  
Until Present "Southern" Ad-  
ministration.

Washington, Nov. 12.—Deeply offended by the tone and manner of their chairman, W. M. Trotter of Boston, President Wilson today ended an interview with a delegation of negroes who called at the White House to protest against race segregation in government departments with a warning that if the negroes wanted to see him again they would have to get another spokesman. The president said he had not been addressed in such fashion since he entered the White House.

A fifteen minute interview had been arranged for the callers and the president received them in his office with only his stenographer present. The delegation formally complained that Postmaster General Burleson, Secretary McAdoo and Comptroller Williams of the treasury were enforcing segregation of white and negro employees in their offices. Mr. Wilson listened to the statement and then replied at length, explaining that he had investigated this matter himself and had been assured that no discrimination had been practiced against the negroes and that segregation had been inaugurated to avoid friction between the races not to injure the negro. He added that he was deeply interested in the negro race and admired it for the progress it had made.

## Take Issue With President.

At this point Trotter and other members of the delegation took issue with the president. They declared the negro people did not seek charity or assistance, but took the position that they had equal rights with the whites and that these rights should be respected. There had been no friction, they insisted before the segregation was started.

Mr. Wilson waited for the protest to end. Then he told the delegation that he could not discuss the matter further. He closed with the quiet but emphatic statement that Trotter had lost control of his temper and that he (the president) could not be talked to in such a manner.

When the negroes left they said their talk had been "thoroughly disappointing" and that they would hold a mass meeting in Washington next Sunday to protest further against segregation.

## Insults to Negro Race.

Boston, Nov. 12.—The old plantation songs "My Old Kentucky Home," "Oh, Susannah," "Massa in the Cold, Cold Ground" are insults to the negro race, according to speakers both negro and white, who appeared today at a hearing before a school committee. As a result of their protest, the committee voted immediately to withdraw from the schools a book of forty songs recently compiled by the musical director. The objections to the songs were based partly on the use of the words of "darker," "nigger" and "coon."

## Were Not Looking For Charity.

Trotter said in his address that his committee did not come "as wards looking for charity, but as full fledged American citizens, vouchsafed equality of citizenship by the federal constitution."

"Two years ago," said Trotter, "you were thought to be a second Abraham Lincoln," the president tried to interrupt, asking that personalities be left out of the discussion. Trotter continued to speak and the president finally told him that if the organization he represented wished to approach him again it must choose another spokesman, adding that he had enjoyed listening to the other members of the committee but that Trotter's tone was offensive. The president told Trotter that he was an American citizen as fully as anybody else, but that he (Trotter) was the only American citizen who had ever come into the white house and addressed the president in such a tone and with such a background of passion.

The negro spokesman argued that he was trying to show how the colored people felt and asserted that he and others were now being branded as traitors to their race because they advised the colored people to "support the ticket."

## Politics Form of Blackmail.

This mention of votes caused Mr. Wilson to say that politics must be left out, because it was a form of blackmail. He said he would resist it as quickly from one set of men as from another and that he would not vote as they pleased, he mattered little to him so long as he was sure of doing the right thing at the right time.

The president spoke frankly, saying that if the colored people had made a mistake in voting for him they ought to correct it, but that he would insist that politics should not be brought into the question because it was not a political problem. With some emotion he declared he was not seeking office and that a man who sought the office of the presidency was a fool for his pains. He spoke of the intolerable burden of the office and of things

## War News Summarized

"The German artillery fire was practically a continual bombardment, intended to pulverize the defense preparatory to the advance of the infantry."

This announcement made by the British official press bureau regarding the fighting around Ypres and Dixmude, in West Flanders, gives some idea of the nature of the fighting which has been going on in that part of Belgium during the past few days.

The losses are admitted to have been very heavy and, says the statement, "the allies' strength has been constantly maintained by reinforcements."

It is known that the Germans also have been receiving heavy supports with the determination of pushing their advance through to the French ports on the English channel. Nevertheless, both English and French declare that beyond the taking of Dixmude by the invaders, their progress has amounted to very little.

For more than three weeks the British have held Ypres which has been subjected to a rain of shells, day and night followed at intervals by infantry attacks of the most desperate nature, all of which have been repulsed.

The British admiralty admits the loss of the cruisers Good Hope and Monmouth by the fire of the German squadron off the coast of Chile. The names of 94 officers on these vessels, including that of Rear-Admiral Sir Christopher Cradock are published.

Incidentally the two hospital ships sent out by the Chilean government to search the waters in which the engagement took place have returned to port having found no trace of any of the missing vessels.

An interesting feature of the news is that Field Marshall Lord Roberts is about to proceed to France. His ostensible purpose, as announced, "is to see the Indian troops."

Premier Asquith, according to report, will ask parliament at an early date to give its sanction to the raising of additional troops to the number of one million for war service, thus bringing the total to 2,000,000 men. It is also understood that the government intends to issue a war loan of \$1,000,000,000.

In the British house of commons, Arthur Henderson, the labor party leader, has made the announcement that organized labor felt that the only course now open was to go straight through with the war until success crowned the efforts of the allies.

While the latest French official statement says that an attempt by the Germans to debouch from Dixmude by a night attack has been repulsed Berlin reports that the German attack across the Yser canal to south of Dixmude is progressing and that in the region east of Ypres they have made a further advance, capturing 700 French soldiers and some guns.

In the Eastern arena the Russians have occupied Johannsburg, east Prussia and in Galicia the siege of Przemysl has been resumed. Russia also reports favorable provisions against the Turks in the Caucasus.

Great Britain and France have warned Ecuador and Colombia that they will not countenance further violations of neutrality by them. Representations have been made at Quito and Bogota to this effect and the United States government has been notified in view of the possible complications that might arise.

No specific violations have been mentioned but it is believed these warnings were the result of charges that islands off the Ecuadorian coast have been used by the Germans as coaling stations, and that wireless plans in both Colombia and Ecuador have been giving information to German cruisers.

which he had to do which were more than the human spirit could carry.

## President Explains Position.

Emphasizing that he did not care in the least for the political considerations involved, Mr. Wilson urged that he wanted his auditors to understand that it was a human problem and not a political problem. While the American people wanted to support the advancement of the negro, the president was sure, that as practical men everybody knew there was a point at which friction is apt to occur. The question must be stripped of sentiment and viewed in its facts, because the facts are the better of the individual whether one desired it or not.

The president said he thought his colleagues in the government departments were not trying to put the negro at a disadvantage, but simply to make arrangements which would prevent friction. He added that the question involved was not a question of intrinsic qualities, because all had human souls and were equal in that respect, but that for the present it was a question of economic policy whether the negro race could do the same things that the white race could do with equal efficiency. He said he thought the negroes were proving that they could and that everyone wished to help them so that they would not be so dependent and that their conditions of labor would be bettered.

sent Mexican Conflict

## TROOPS WILL REMAIN

U. S. Soldiers Will Remain In  
Vera Cruz Until Some One  
Strong Faction Dominates

## CARRANZA MOVES BASE TO CORDOBA

Washington, Nov. 12.—President Wilson and Secretary Bryan have decided not to fix a date for the evacuation of Vera Cruz by the American troops until it is determined which faction can dominate that section of Mexico sufficiently to carry out the guarantees asked by the United States as a prerequisite to its withdrawal.

The president is unwilling to withdraw the troops until the various guarantees asked for can be enforced and there is no danger that some other faction on becoming dominant will disclaim responsibility for negotiations hitherto conducted with General Carranza.

The Washington government does not desire to interfere in the tangled controversy by administration officials showed plainly today their chagrin at the fact that several generals who wrote their names on the Mexican flag recently, kissing it as a pledge that they would abide by the acts of the convention at Aguas Calientes have now repudiated their oaths, refusing to support Gen. Eulalio Gutierrez, selected as provisional president.

On the alignment of the various chieftains depends whether civil war will result in earnest. Should a majority of the more powerful leaders side with the convention, Carranza of course will be compelled by force of arms to relinquish power. It will take several days for the situation to shape itself definitely.

## Moves Cabinet to Cordoba.

Official advices showed that Gen. Carranza had moved his archives, cabinet and clerical force to Cordoba for a lengthy stay. He is understood to have left Mexico City because he doubted the loyalty of General Blanco, commander of the troops guarding the capital. When Gen. Blanco started from Aguas Calientes for Mexico City he was arrested at Saltillo by Gen. Pablo Gonzalez, who hitherto has been regarded as a supporter of Carranza.

Dispatches from Aguas Calientes tonight saying Gen. Gonzales would stand by the convention were taken to mean that Blanco would be released and that the two men might work in harmony in the control of Mexico City and the surrounding territory. If the report concerning Gonzales is verified it also will mean that Villa's big columns which moved southward today will have uninterrupted control of the territory between Aguas Calientes and Mexico City, leaving Carranza to operate toward the east of the Mexican capital.

Dispatches given out tonight by Rafael Zubaran Campany, Washington representative of General Carranza, stated that Generals Obregon, Blanco, Gonzales, Villareal, Hay and others would support the first chief.

## Send Message to Gutierrez.

El Paso, Tex., Nov. 12.—Official reports from Mexico City today said that several chiefs headed by Gen. Pablo Gonzales, Carranza's principal leader, had sent messages to the "First Chief" and Provisional President Gutierrez, appealing a second time that Carranza and Villareal restore their positions. It also was reported, but unconfirmed, from the Villa side that Gonzales had deserted Carranza and offered his services to the convention.

The signers of the two telegrams included Gonzales, Gen. Lucio Blanco and Gen. Antonio Villareal, who had acted as president of the convention before the election of Gutierrez. They asked Carranza to resign, "in order to prevent circumstances growing graver." They advised the first chief that they also had sought the elimination of Villa. "Should he not retire absolutely," they said, "we pledge ourselves to subjugate him to law and order."

From Gutierrez, they requested that he order Villa to leave the country. They promised that they also would arrange for Carranza to leave Mexico.

Rafael Musquiz, Carranza's consular chief, stated today that he had official advices from Mexico City that a total of 108,000 troops had remained loyal to the first chief. Villa agents never have claimed more than one half that number in the regular division commanded by the northern chieftain.

### NEW WELL AT NORTH SIDE STATION DEEPER THAN OTHERS

Drill Will Go Depth of One Hundred and Ten Feet—Hope is For Greater Water Flow.

Work is still progressing on the new well at the Widenham and Daub land and Commissioner Brennan said yesterday that the drill was now at a point 106 feet below the surface. It is his intention to drill just four feet further, which will make the depth the same as that of a well sunk by Messrs. Widenham and Daub some years ago. This well went to a depth of 110 feet and into a stratum of gravel and a source of supply further down than is the source of any of the wells now being pumped. The pipe is still in this well, although it has been lifted up four feet from the bottom, and water stands in it now within 11 feet of the surface. In the other wells the water stands 42 feet from the surface.

From the fact that the water in the old well stands so much nearer the surface and from the report that the old well originally flowed above the pipe, Mr. Brennan has determined that valuable records at least will be secured by going to the depth of 110 feet. If the flow there is stronger than through the upper strata future wells will probably be sunk to that depth. Work on the new two million gallon pump is also progressing satisfactorily and it will probably be ready for service in the course of ten days. The discharge end has been fitted and connected and all that is lacking now is the suction pipe, which has already been shipped. As soon as it is received the adjustment connections will be made and the pump will be ready for service.

### MISS NELLE F. SELF WINNER IN W. C. T. U. MEDAL CONTEST

Receives Silver Award for First Rank Among Four Participating Musicians—Union Will Hold Oratorical Some Time in February.

Miss Nelle F. Self won the silver medal in the W. C. T. U. musical contest Thursday evening at the First Baptist church. She sang, "The Slave Song" by Teresa del Riego. Excellent solo numbers were given also by Miss Esther Spoons, Mr. Arthur Ellis and Mrs. Charles Hopper. Miss Katie Clarkson and Miss Frances Alkire appeared on the program with readings and Miss Edith Hillyer with a piano selection. Although new in Jacksonville the W. C. T. U. medal contests are being held in many sections of the country and the local union plans to have another some time in February in which the contestants will prepare orations. The aim of the medal contest department is the education of young people in temperance and total abstinence principles and through them the public in general, which can be most efficiently reached in this manner. The event was in charge of Mrs. Lucia Smith, contest secretary for Morgan county, and the judges were Miss Mary Daniels, Miss Carrie Spiros and Miss Rebecca Scheibel. After the awarding of the prize, Mrs. Smith in a few brief remarks expressed the thanks of the union to those who have been instrumental in making the contest a success. Flowers for the occasion were furnished by Harry Hofmann and Joseph Heintz & Sons.

The program follows:  
Invocation—The Rev. Percy W. Stephens.  
Song—America.  
Address—Mrs. T. H. Agnew.  
Miss Nelle F. Self—"The Slave Song," Teresa del Riego.  
Miss Esther Spoons—"Robert! Ideal of My Heart."  
Arthur Ellis—"The Perfect Day."  
Mrs. Charles Hopper—"From the Depths," Fabio Campana.  
Reading—Miss Katie Clarkson, "The Results of Treating."  
Quartet—Mrs. H. P. Obermeyer, Mrs. Herbert Capps, Mrs. J. W. Miller, Mrs. Charles Hopper, "Angels Sing On."  
Reading—Miss Frances Alkire, "The Gypsy Girl."  
Awarding of Medals—Rev. Mr. Stephens.  
Piano Solo—Miss Edith Hillyer, "My Sweet Repose," Schubert-Liszt.  
Benediction—Rev. Mr. Stephens.

The remarks by Mrs. T. H. Agnew were well received and she was mentioned by the secretary as among those deserving the thanks of the Jacksonville local union. The W. C. T. U. work in different states and the value of medal contest were the subjects of her talk.

**ATTEND FEDERATION MEETING.**  
Miss Helen Miner of Winchester, Miss Annie Hinrichsen and Miss Grace Dummer returned Thursday afternoon from Springfield where they attended the meeting of the Illinois State Federation of Women's Clubs. Dr. Josephine Milligan who was on the program and Dr. Grace Dewey, who went as a delegate from the Ladies' Educational society, expected to return to Jacksonville on a later train.

### FOR LOMBARD

COLLEGE TEAMS WILL CLASH AT ABINGTON TOMORROW.

Coach Harmon Will Send Men Through Last Drill Today For Big Game of Season—Will Spend Night in Peoria.

Coach Harmon and his band of football warriors will leave this evening for Peoria, enroute to Abington, where they will clash with Lombard college Saturday afternoon, which is expected to be one of the hardest fought battles of the season's schedule for Illinois.

During the season Illinois has been playing wonderful football, their only defeat being that against Millikin last Saturday. The Illinois men feel that they were up against a hard proposition at Millikin in that their schedule of signals appeared familiar to the Millikin men.

Illinois believes that they still have a good chance for honors in the championship race, if they can beat Lombard tomorrow. Two weeks ago Lombard beat Millikin 28 to 0 and if I. C. can turn the trick on the Abington eleven it will put them in the running again. The men realize that they are fighting at great odds against Lombard on their own grounds.

The following will be the line-up:  
R. E. Frisbie; R. T. Russell; R. G. Theobald; C. Atchison; L. G. Butcher; L. T. Mitchell; L. E. McLaughlin; Karch; Q. B. Stewart-Gary; R. H. B. Helme; L. H. B. Jones; P. B. Alford; Subs, Lukeman and Whisler.

### WINCHESTER.

**Eastern Star Entertains.**  
The Eastern Star entertained members of White Hall, Manchester and other visiting lodges at a banquet Thursday evening at 7:30 o'clock. An elaborate menu was served and the banquet was followed by a play, "The Kleptomaniac," presented by seven young ladies of the Winchester lodge. After the play was given a short musical program and a social time was enjoyed.

**Mrs. Gibbs Gives Reception.**  
Mrs. W. D. Gibbs gave a reception Thursday afternoon from 3 to 5 in honor of Mrs. Tenny of New Hampshire. Mrs. R. L. Bagshaw presided at the frappe bowl and delicious refreshments were served by Misses Lucille North and Beatrice and Helen Hainsfather.

**Funeral of Mrs. Smith.**  
Funeral services for Mrs. Emily Smith, who died at the home of her daughter, Mrs. Thomas Pannon, were held at the Glasgow Baptist church Thursday afternoon at 1:30 o'clock in charge of Elder Ford. Interment was made in the Sandridge cemetery. Mrs. Smith had attained the age of 72 years and 4 months and is survived by three children, Robert and George Smith, and Mrs. Thomas Pannon, all of Winchester.

**Christian Ladies Give Supper.**  
The ladies of the Christian church gave their annual chicken supper and bazaar in the basement of the church Thursday evening. An elaborate menu was provided for a large number and a nice sum was realized.

**Personal Mention.**  
Wes Taylor of Waverly was a business caller in Winchester Thursday.

Miss Bertha Munze returned Thursday from the Nurses' Convention in Springfield.

Mrs. C. A. Coover of Palmyra is visiting with her daughter, Mrs. C. M. Danner.

Mr. and Mrs. S. W. Peak left Thursday for a visit with relatives in Kansas City.

### YOUNG WOMAN'S GUILD FORMED AT STATE STREET PRES. CHURCH

Enthusiastic Gathering Held at the Home of Rev. and Mrs. Howard D. French.—Officers Elected and Committees Appointed.

At a meeting held Thursday evening at the home of Rev. and Mrs. Howard D. French, 1136 West State street, a Young Woman's Guild of State Street Presbyterian church was perfected. There were twenty-five young women present and at six o'clock supper was served. An election of officers was held and various standing committees appointed. The devotional exercises were led by Rev. Mr. French.

The regular work of the Westminster Guild will be taken up and the meeting will be held each month, the second Thursday of the month, the first meeting to be in December with Mrs. William Floreth.

The nominating committee was Miss Carrie Dunlap, chairman, Mrs. William Lucas, Miss Isabel Carriel and Miss Elsie Baptiste. The officers elected follows:

President—Miss Elson Barnes.

### HENRY GRUNDE? DIES

AT HOME IN WOODSON

Suffered a Paralytic Stroke Wednesday Afternoon, From Which He Never Rallied.—Funeral Will be Saturday Afternoon.

Henry Grunder, a well known resident of Woodson died at 12 o'clock Thursday noon after a brief illness. On Wednesday between three and four o'clock he suffered a paralytic stroke, from which he never rallied. Mr. Grunder ate a hearty breakfast Wednesday morning, and appeared to be in better health than common.

He was over 75 years of age and was born in Pennsylvania. He married Miss Lucy Henry, daughter of Jesse Henry of Woodson and they were the parents of one daughter, Mrs. Everett Crain. He has a number of sister residing in the east.

He came to Illinois forty years ago and was a man of splendid mental attainments. He used to teach school and for a number of years practiced law in Mt. Sterling. For the past 14 years he has been living a retired life. He was a member of the Presbyterian church. He was accounted a man of some means, which he had accumulated through thrift and ability.

The funeral will be held from the Christian church Saturday afternoon at 1:30 o'clock, in charge of Dr. G. W. Miller.

### PARTICIPATE AN INITIATION.

Members of Eagles Attend Lodge in Springfield.

A large delegation of members of the Jacksonville Aerie, Fraternal Order of Eagles, No. 509, were in Springfield by invitation from Springfield Aerie No. 437 to assist in the initiation and reception into the order of Hon. William J. Butler, who was recently elected to the state legislature. The conferring of the degree was in the hands of Henry Herring, Past Worthy President of the Jacksonville Aerie, whose ability is recognized.

At the close of the lodge session a banquet was held and most thoroughly enjoyed. Mr. Butler was master and brief talks were made by Louis H. Engel, W. N. Fairgrove, Frank Correa, Otto Willner, Fred Dohrt of Jacksonville and several of the members among the hosts of the evening.

Besides others present from Jacksonville, Chris Bailey, W. A. Denney, Valandis Boland, Earl Butcher, George Murphy, William Thompson, Fred Runkle, William Sartrow, C. H. ### SALTS IF BACKACHE

AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and clogged. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; removing all body's uric waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and make a delightful effervescent lithia-water drink.—Adv.

## GRAND JURY COMMITTEE VISITS COUNTY FARM

Report Prepared Indicates Surroundings There Are in Excellent Condition—New Water and Lighting System Recommended—Jail Also Inspected.

The Morgan county grand jury is pushing its work along rapidly at this session and the end of the term is not far distant. Thursday morning the members visited the jail where they found the surroundings in clean and sanitary condition. Some recommendations as to improvements were decided on but the formal report has not yet been prepared. Afterward a committee went out to the county home where the inspection resulted in a report indicating that Supt. Todd is doing good work there. The report as filed by the committee reads as follows:

To the Hon. James A. Creighton: Judge of the circuit court now convened in Morgan county.

We, the committee appointed to visit and inspect the county farm, beg to make the following report:

We inspected the home and found the wards, kitchen and dining room in a clean and sanitary condition. At the present time there are 29 inmates, 23 males and 6 females, all of whom seem to be well cared. We saw the inmates at dinner and they appeared to have an abundance of good food, served in a cleanly manner. All those questioned testified to the good care and attention received at the hands of Mr. and Mrs. Todd. On the farm we found the following live stock, all in good thrifty condition:

Six head of work horses.

Two work mules.

Ten cows and heifers.

Seven weanling calves.

One Short Horn bull.

One male hog.

Twenty-four brood sows.

Fifty-three suckling pigs.

One hundred sixty eight fat and stock hogs.

Also 75 acres of corn, averaging 45 bushels per acre.

Fifteen ton of timothy hay.

Twenty-eight acres of fall wheat.

Twenty-five acres of meadow.

Two hundred bushels of threshed oats.

The numerous buildings on the farm are all in fairly satisfactory condition and we are pleased to note many improvements that have been made during the present year, particularly a concrete dam 160 feet long, which has all the appearance of being a solid, substantial structure. Also the concrete floors in three of the larger out buildings. Nine of the outbuildings have been improved during the present year with new roofs. We would respectfully urge the installation of a lighting plant and a water system as we consider this a much needed improvement. We would commend the board of commissioners on the selection of Mr. and Mrs. Todd as superintendent and matron everything around the farm and home showing that care and judgment has been used in the management thereof. We extend our thanks to Mr. and Mrs. Todd for the many courtesies and excellent entertainment afforded us during our visit.

All of which is respectfully submitted.

**TRAVEL COUPON MEN HERE.**

C. H. Campbell and J. T. Byrnes, representatives of the American Script Co., are in the city for a few days explaining the plan of the company they represent. The Script company's slogan is "A mile in travel for a dollar in trade." Their plan is to arrange with certain merchants for the issuance of coupons with purchases and these coupons are redeemable by the company in certificates of travel upon any railroad or trolley line in the United States. A quarter of a mile coupon is issued with a twenty five cent purchase, a mile coupon with a dollar purchase, etc. The idea is that a man or woman who in the course of six months or a year buys several hundred dollars worth of clothing and supplies will at the same time have secured enough travel coupons to provide for a vacation trip.

Especial thanks are due to the members of the orchestra who donated their services, Miss Ruth Brown, Miss Grace Hoffman, Miss Gladys Carroll, Miss Minnie Hoffman, George Hearle, T. E. Drake, Dr. Tormey, Harold Johnson, Robert Boyd, Terrance Brennan and Wilbur Rogers. Thanks are due also to the announcer, Oliver Spaulding.

**TWO SMALL FIRES THURSDAY.**

The fire department was called to the residence of Charles Brown, 710 East Railroad street at 7:45 o'clock Thursday morning, where a spark from the fire set fire to the roof. The flames were extinguished before much damage was done. A call was received Thursday night at 7:40 o'clock from Doolin avenue, where some rubbish in a cellar caught fire. The flames were put out with a bucket of water.

HERE are some statistics gathered from the records of the Cigar Makers International Union. They are interesting at this time. They show the effects of the economic organization, which uses this label.

In 1890, 49 per cent of the amount expended for sick benefit went to those suffering from tuberculosis.

In 1910 the total amount expended for sick benefits was \$189,438.59, of which amount about 21 5-10 per cent, or \$40,729.30, was paid to members suffering from tuberculosis.

In 1911 the total expended for sick benefit amounted to \$201,296.03, of which amount 20 1-10 per cent, or \$40,460.50, was paid to members suffering from tuberculosis. This shows a reduction of 28 9-10 per cent in 21 years.

These figures are based on a general average, while as a matter of fact, those suffering from tuberculosis are more generally sick, and hence more liable to draw sick benefit, so that the average amount is necessarily and reasonably not fully covered in the figures given.

### COMMISSIONERS CHANGE STATE AID ROAD DESIGNATION

Rescind Action Taken Last May when South Route Was Named—First Work Will Be On Springfield Road.

At a recent meeting of the county commissioners, or rather one held on the 31st of October, among other business transacted was the passage of a resolution designating the Springfield road as the first road in Morgan county upon which the state aid road shall be constructed. This action rescinded a resolution passed by the board last May when the "south route" from Jacksonville to Springfield was designated for the first state aid. The south route starts from Jacksonville at the junction of the city limits and Morton avenue. Some of the property holders along that route had agreed upon a fund to augment that levied by taxation in the county and that resulting from the state's contribution, as they were very anxious to secure the improvement in their direction first.

Ever since the passage of the first resolution property holders and residents along the Springfield road have brought pressure upon the commissioners to change their action. They argued that the state road was the natural highway and that the improvement should be there. Residents along the south road maintained that was the proper route because it would connect a larger number of the trade centers mentioned in the Tice bill and also because the route was shorter. The action of the board, however, in changing the route will probably mean that within a few months' time work will be pushed along and a contract let for as much road as can be paid for from the county tax and the state aid fund. About \$9,000 is now on hand from the county tax and about an equal sum will be due from the state when a contract has been let or work has begun. By spring also it is possible that still other tax money will be available and thus a larger sum possible from the state. The resolution adopted Oct. 31 is signed by J. C. McFillen and W. F. Roegge, Commissioner Coulter, who was present at the meeting, declined to act favorably upon rescinding the former resolution.

The resolution on the records reads as follows:

### U. S. COMMISSION ISSUES STATEMENT

RECEIVES CHECK ON BANK OF ENGLAND FOR \$3,000,000 FOR RELIEF

London, Nov. 12.—The American commission for relief in Belgium has received a check on the Bank of England for \$3,000,000 which was contributed by prominent Belgians interested in the relief of their countrymen.

With the emergency work in Belgium well under way the commission now is prepared to assume the permanent task of keeping Belgians supplied with food. In this connection it has made the following statement:

"The American commission for relief in Belgium today received a check for \$3,000,000 which it is estimated will be necessary for the transportation of food stuffs for the next three months from various parts of the world into Belgium. This money has been advanced to the commission under the guarantee given by previous Belgian relief committees and important Belgians. "This substantial sum is a most convincing evidence of the desire of the Belgians themselves to assist the commission to the fullest extent they are capable of doing. The urgency of the situation and as large as the sum is, it must be borne in mind that food stuffs to the value of about \$4,000,000 monthly must be secured for seven or eight months. Of this amount \$1,000,000 monthly will be required for the expense of transportation.

For Steamship Service.

"The commission is arranging for a regular steamship service from the Atlantic seaboard and a transport service from the interior to the seaboard. The commission urges all local associations and others interested in Belgian relief throughout the United States to convert all their funds into local purchases of foodstuffs, as they can be more advantageously purchased by such local bodies.

"Furthermore the commission feels that those generous American people who are unable to contribute money should contribute something from their own stores of food into the hands of the local organizations. Each American farmer out of the abundance of his crop and every resident from their own store can well afford a few bushels of grain. What is needed is cereals—wheat, flour, shelled corn, beans and peas and also bacon and ham—as these are the only articles that will stand the long and difficult transport conditions.

### INQUIRES AFTER TEAM AND WAGON TAKEN AWAY BY YOUNG FARM HAND

Local Police Receive Word Last Night From Woodson of Two Missing Blacks—Property of Miss Winnie Kingsley, North of Village.

Shortly before eleven o'clock Thursday evening the Jacksonville police received a telephone call from Miss Winnie Kingsley, residing one mile north of Woodson, to the effect that a team of black horses hitched to a farm wagon had been driven away from her place, possibly in the direction of the village. She accused the boy, Dick Murphy by name, who has been working for her for the past two months, and who, she said, had early in the evening changed his work clothes for a new brown suit and tan shoes and left the premises. She was somewhat concerned about the whereabouts of the team and thought that if the young man had not gone to Woodson to catch a train he might have come to Jacksonville. Search of the stables here and inquiry at Woodson failed to reveal trace of the missing property, however, and the authorities will resume the search this morning if the team does not turn up.

Young Murphy came to this vicinity two months ago from parts unknown and was given work by Miss Kingsley. He is fourteen years of age, she says, but looks much older.

## PRESS BUREAU ISSUES DESCRIPTIVE ACCOUNT

TELLS OF MOVEMENTS OF BRITISH AND FRENCH FORCES.

Eye Witness Supplements Narrative Published Previously of Movements of the Contending Armies.

London, Nov. 12.—11:20 p. m.—The official press bureau issues the following descriptive account which has been communicated by an eye witness present with general headquarters and which continues and supplements the narrative published on Nov. 6th, of the movements of the British force and the French armies in immediate touch with it.

"Nov. 4.—Before the chronological record of the course of events is resumed a short description will be given of the part in the battle played on Oct. 31st, by the London Scottish. The occasion is not looked upon as a special one, because this battalion acquitted itself well—for that was regarded as a matter of course—nor because it has done better than the regular battalions who have been doing as much if not more for weeks on end. It is a special event because it forms an epoch in the military history of the British empire and marks the first time that a complete unit of our territorial army has been thrown into a fight alongside its sister units of the regular army. Briefly what happened was this:

"On Saturday (Oct. 31st) being ordered to take up a section of the firing line to support some of our cavalry and having advanced to its position under heavy fire from field guns, howitzers and machine guns, the battalion reached a point where further movement forward was impossible. There it maintained itself until dusk, when it proceeded to entrench. From 9 o'clock that night until 2 a. m. Sunday, the Germans made numerous attacks on the Scottish line, all of which were repulsed by rifle fire. At 2 a. m. they made their great effort and assaulted the front and left of the position in great force. A considerable number succeeded by a detour in getting around the flank of the regiment. A large proportion of these were engaged by the company in support and reserve, while others penetrated between the first and second line of trenches and assailed our firing line in the rear.

Makes Bayonet Charge. "While the fighting with rifle and bayonet was going on both in front and immediately behind the firing line, a reserve company still further behind made repeated bayonet charges against the enemy who had got round and so prevented the entire envelopment of the battalion. Behind the firing line the scene of combat was lit up by a blazing house which the Germans had set alight.

"At dawn it was discovered that large numbers of the enemy according to custom worked round both flanks with machine guns and a retirement was carried out. This was effected under a cross fire from machine guns and rifles.

"Naturally in an encounter of this nature the battalion suffered a heavy loss but, though unable to maintain its position, it acquitted itself with gallantry and coolness in a situation of peculiar difficulty and following the national motto 'nemo impune lacessit' inflicted far more damage on the enemy than it received.

"To turn to the general narrative: On November 1, the full violence of the enemy's attack again fell on our left, their main efforts being still directed slightly south of Ypres. Such was the force of the onslaught and the weight of the artillery supporting it that our line was temporarily driven back. It was soon readjusted, however, and by evening the situation in this quarter was the same as it had been 24 hours earlier.

"That night some shells were thrown into Ypres itself. Further to the south the Germans had, during the previous night, retaken the village of Messines and had also captured Wytchaele. By eleven a. m. our cavalry working in cooperation with the French, drove them out of the latter place by a brilliant bayonet charge but did not occupy it. A few of the prisoners taken at this place were only 17 years of age and said that they had had practically no training and little food. Some of them had never fired a rifle before.

Shelling Continued All Day. "The fact that Messines still remained in hostile hands necessitated a slight adjustment of our front in the center. But apart from this there was no change in this quarter, the bombardment continuing all day.

"During the action around these two villages the Germans moving across our front suffered very greatly from the massed fire of our horse artillery at short range but though they fell literally in heaps they still came on with admirable determination.

"South of the Lys some of the trenches which had been lost on the previous night were recaptured by us; otherwise the situation remained as it had been. No attacks were delivered against us and the enemy contented themselves with bombarding our trenches. A heavy battery was knocked out by our artillery fire.

"One of our prisoners, a Saxon professor, who was captured on the first day he entered the field, stated his opinion that Germany realized that she had failed in her object and was only fighting in order to obtain good terms. What his opinion is worth remains to be seen.

"During the afternoon a German aeroplane was captured, quite uninjured. On the second, on our left,

the pressure still was kept up towards Ypres, and, at first, our line was once more forced back but it was restored towards evening.

"The maximum effort of the Germans on this day, however, was more to the south of Ypres, as if to drive a wedge between that town on the north and Armentieres on the south and the bombardment of our positions in this quarter of the field was especially heavy, though it was well replied to by a concentric fire from our guns and those of the French.

"The French delivered a counter-attack in the direction of Wytchaele which remained disputed ground, fiercely blazing amidst hail of shell from both sides.

"More to the south, the enemy advanced in force but were checked. Still further towards our right a hostile attack in the neighborhood of Armentieres met with the same fate. On our extreme right several assaults were repulsed, though at one or two points the Germans gained ground slightly, obtaining possession of Neuve Chapelle.

"The inundation around Nieuport had by this day reached the enemy's trenches and it is stated that two heavy guns and some field artillery had to be abandoned in the mud.

"The third was, on the whole, a comparatively uneventful day, which enabled our troops to get a much needed rest. In front of Ypres the German infantry ceased to press but to the south, in the neighborhood of Wytchaele and Hollebecq, they made unsuccessful attempts to get forward, effective counter-attacks being delivered by the French and British. In this quarter the fighting was of a severe nature.

"South of the river there were some minor attacks, against our trenches which were beaten off. It seemed that the violence of the German efforts was abating, even the cannonade being in some places less heavy than it had been."

## MANY RESOLUTIONS OFFERED TO A. F. OF L. CONVENTION

Resolutions Presented Deal With Every Phase of Labor Movement.

Philadelphia, Nov. 12.—More than one hundred resolutions dealing with the many problems of union labor, boycotts, jurisdictional differences, the European war and the social welfare of workmen have been presented to the American Federation of Labor convention for its consideration. A large number of these resolutions were filed with the secretary of the federation as the time limit for introducing them expired tonight.

Among the important resolutions presented and referred to committees was, one by the coal miners urging the president of the United States to insist that the Colorado mine operators comply with the federal plan for a settlement of the strike in that state and for the government to take over the mines and operate them in the event the mine owners refuse to accept the peace plan.

Another resolution which will probably be adopted by the convention was introduced by President Samuel Gompers and related to the European war. It conveyed the sympathy of the organized labor movement of America to the organized labor movements of Europe.

Continuing the resolution said: "That the convention of the American Federation of Labor in view of the general peace congress which no doubt will be held at the close of the war for the purpose of adjusting claims and differences, hold itself in readiness and authorize the executive council to call a meeting of representatives of organized labor of the different nations to meet at the same time and place to the end that suggestions may be made and such action taken as shall be helpful in restoring fraternal relations, protecting the interests of the toilers and thereby assisting in laying foundations for a more lasting peace."

Committees not being ready to make reports the convention today listened to a number of addresses by fraternal delegates and others. Among those who spoke was Frank P. Walsh of Kansas City, Mo., chairman of the United States commission on industrial relations. He roused the delegates to enthusiasm by his fervid speech in which he expressed warm sympathy for the labor movement. He said that the first report the commission will make to congress next month on the underlying causes of industrial unrest will not contain definite conclusions. The report will however, state, he added, that of 300 employers representing the greatest industries in the country, examined by the commission, only five disagreed with the underlying principles of collective bargaining.

## CLAIMS WRONG MEN WERE CONVICTED

Court Urged to Set Aside Judgment Imposed in Danbury Hatters Case.

Washington, Nov. 21.—Arguing that the wrong men were convicted in the Danbury Hatters case, Alton B. Parker and Frank L. Mulholland, in a brief filed with the supreme court today, urged the court to set aside the \$252,000 judgment imposed under the Sherman anti-trust law on 186 hat factory laborers of Danbury, Norwalk, and Bethel, Conn.

The brief was submitted as the basis for oral argument of the case on December 7. It was in this case that the supreme court several years ago decided a labor union was subject to the terms of the Sherman anti-trust law.

The attorneys contended that most of the 186 defendants did not participate in the slightest degree in the boycott of the hats of D. E. Loewe and Co., for which they were convicted.

## Without a Moral

The Czar of Russia said, said he, "This vodka stuff, 'twixt you and me, is causing ruin; and now that we have war on hand, we'll tell the brewers of the land, to quit their brewin'. While warfare thus our country shakes, my soldiers mustn't have the snakes, 'twould put them under; but when this conflict grim is o'er, the grog bazaars may sell once more their liquid thunder." Fast flew the order of the Czar, to every village, near and far; the vodka dealers, put up their shutters with a rush, and no one broke the booze den's hush but watchful peelers. In four short weeks, the story goes, a new and better Russia rose, a change stupendous; the loafers, sodden once with drink, went bravely forth to earn some chink with vim tremendous. And in the towns poor broken hags, and outcasts rotting in their rags, their pride recovered; the peasants to their labors bent, prosperity and sweet content above them hovered. Then said the Czar, "By my right hand, the change around me beats the band, I do endorse it! And though the booze dispenser weeps, I'll close those vodka joints for keeps, or tear my corset!"

## BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD---END CATARRH

Instant Relief When Nose and Head Are Clogged From a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache will disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet,

fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

## Joyful Anticipation of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite overcome by the advice of so many women to use "Mother's Friend." This is an external application designed to soothe the muscles and to thus so relieve the pressure reacting on the nerves, that the natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses. This splendid embrocation is known to a multitude of mothers.

They have used it during the period when they could realize the value of timely and helpful advice. That is why they recommend it.

Many people believe that those remedies which have stood the test of time, that have been put to every trial under the varying conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmother's earlier years and is known throughout the United States it may be easily inferred that it is some thing that women talk about and gladly recommend to prospective mothers.

"Mother's Friend" is prepared only in our own laboratory and is sold by druggists everywhere. Ask for a bottle, or write for a special book for expectant mothers. Address: Bradford Regulator Co., 507 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

## Corns Quit, Pains Stop, With "Gets-It"

Quit Plasters, Salves and What-Nots.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corn?" "GETS-IT" is the first, sure, certain corn-cure ever known.

Why "Suffer-Yet" With Corns? Use "GETS-IT." They'll Vanish!

If you have tried other things by the score and will now try "GETS-IT," you will realize this glorious fact. You probably are tired sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a lunge of your toe and press right down on the corn. But two drops of "GETS-IT" on that corn in two seconds. The corn is then deemed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere. Get a bottle, or write direct by E. Lawrence & Co., Chicago.

Sold in Jacksonville by Armstrong's Drug Co.—J. A. Obermeyer.

## SUFFRAGISTS GATHER AT NASHVILLE

Indications are That Sessions Will Be Stormy—Question of Federal Amendment Stirs.

Nashville, Tenn., Nov. 12.—The stormy political conventions of the national parties, which have thrashed out bitter rows of leaders and measures, will be overshadowed and entirely outdone in turbulence and fighting spirit, by the suffragists who have gathered here for their national convention. That is, if one can judge from lobbying, wire-pulling, utterances and set faces of the leaders of the factions who are to meet in a battle of words and votes. Although the formal opening of the convention of the National American Woman's Suffrage Association was an enthusiastic demonstration for the cause, the hearty cheers for the leaders this morning and the stirring welcoming speeches were but the gorgeous lightning flashes before the breaking of the storm.

Most all of the delegates arrived last night and early this morning and they reported they were unperturbed as to their stand on the issues to be discussed. Their arrival brought the partisans out in force to bring persuasions to bear on the questions that have agitated the divisions of the national association, and the button-holing of the olden days on the lobby deck was scarcely up to the methods adopted today. Social influences were not overlooked in the scurry for votes, and the skirmishers in beautiful gowns sought out the social leaders in the groups that came in from east and west.

Governor W. B. Hooper, Mayor Hillary Howse and Mrs. Crozier French, president of the Tennessee State Suffrage Association delivered addresses of welcome to the delegates at the State House this morning. For beauty and enthusiasm, the meeting exceeded all previous conventions of the vote-seekers. Tonight, Dr. Anna Howard Shaw, president of the National Association, is to deliver her annual address, and tomorrow the opening guns in the fight on issues will be fired.

There are two questions which will form the nucleus of the discussion. The first is the question of a federal amendment for suffrage, or states' rights. There is a strong feeling that the national organization should work hard and soul to win a suffrage amendment from Congress. The southern women, particularly oppose this attitude and for the past two days they have been holding meetings in Chattanooga, formulating a plan to stand pat on the right of individual states to accomplish the necessary measure.

The second big question is the two suffrage measures now in Congress. Many members of the national organization maintain, with the national board and Mrs. Medill McCormick, that the Shafer amendment is the only way to secure enough equal suffrage states to make possible a straight suffrage amendment to the Constitution, which has always been and still is the ultimate aim of the association. The Shafer amendment provides for submitting the question to the voters in each state by initiative petition. But the Congressional Union, the offspring, though a very precocious and rebellious one, of the national organization, backs the Bristow-Mendell amendment only. The Union has a grip on its parent through various of its leaders.

Almost overshadowing this difference, is the matter of the Congressional Union's policy in holding the Democratic Party responsible for the non-passage of a suffrage amendment, and its action in working to defeat Democrats, a policy which Dr. Shaw, the national president has condemned as suicidal, and which is contrary to the non-partisan policy long since adopted by the association.

The Congressional Union represents the radical wing of the movement, and therefore another interesting feature of the convention will be the election of officers, which may bring about a test of strength between the radicals and the conservatives. Dr. Shaw will probably be re-elected president, without serious opposition. Miss Jane Addams, first vice-president, will not consent to serve another term, and other officers will refuse re-election.

The most important of the controversies that have been carried here from the smaller organizations is that between Mrs. Medill McCormick and Mrs. Grace Wilbur Trout, which has caused a bitter fight in the Illinois organization. Another is the split in the Congressional Union membership at Washington, where the wives and friends of Southern Democratic congressmen have bolted the Union and formed an organization opposed to the political activities of the Congressional Union.

**HAS BIG WHEAT FIELD.** Sinclair Russell, who moved from Morgan county two years ago to Dakota, is here looking after business matters for a week or ten days. Mr. Russell says that the season in North Dakota has been very satisfactory and members of the Morgan county colony there have made an excellent showing with their crops. Mr. Russell already has about 600 acres plowed for the spring seeding of wheat. In that locality all the wheat planting is done in the late fall months and the planting in the following spring.

**RECOVER GIRL'S BODY.** Murphysboro, Ill., Nov. 12.—The body of a young woman to which a sixty pound weight was attached, was taken from the river here today. The body has not been identified.

**LICENSED TO MARRY.** Charles A. Barnard, Athensville; Edna W. Hobbs, White Hall.

## EUROPEAN WAR NOTES

**Has Returned to the Front.** Paris, Nov. 12.—A despatch to the Temps from Bordeaux says that Ernest August, duke of Brunswick, son in law of Emperor William, who was reported to have been wounded in action, left Brunswick on November fifth and returned to the front.

**Germans Through Brussels.** Havre, Nov. 12.—By way of Paris—The Belgian minister of war has received information from Belgium that last week 26 trains filled with German cavalry passed through Brussels coming from Ghent and going towards Germany.

**Large Entrenchments.** Including barbed wire entanglements have been constructed in the neighborhood of Namur, Dave, Andey and Liege, according to the advices received by the minister. A majority of the civic guards of Brussels have deserted, refusing to sign an agreement not to take up arms against Germany it is said.

**Pleads for Temperance.** London, Nov. 12.—The Archbishop of Canterbury presided at a great mass meeting today when resolutions were adopted calling for national support of Field Marshall Kitchener's appeal for assistance in keeping the soldiers temperate.

The archbishop urged that all in the audience who were not total abstainers become so at least for the period of the war as an example to the troops. Treating was condemned and it was pointed out that with sterilized water for their use there was no reason why soldiers in the field should not abstain from alcoholic stimulants.

**Germans in Turkish Navy.**

London, Nov. 12.—An Englishman long a resident of Constantinople, which city he left on November 1, has arrived in London. He says that in addition to the crews of the cruisers Goeben and Breslau, nearly 3,000 German officers are in the Turkish navy. Two months ago, he says, all the German clerks of public and private establishments were taken over by the military authorities and placed in charge of the telegraph and postal departments and the censorship.

He adds: "Every Turkish ship has a German officer in command. It was a mistake that the Khedive was not allowed to return to Egypt some time ago, where he could have carefully watched developments whereas in Constantinople he is the center of intrigues of discontented Arabs of the nationalist party and Germans."

**Russian Statement.**

Petrograd, Nov. 12.—The Russian general staff issued the following statement today:

"In east Prussia on November 11, an action developed on the front of Stalluponen, Krougllanken and the region of Soldau. Our troops occupied Johannsburg (a small town of East Prussia, 70 miles to the southwest of Gumbinnen).

"Beyond the Vistula battles of secondary importance occurred in the region of Kalisz (Russian Poland) and Neschava, where advance guards of the enemy fought to progress."

"The Carpathians Austrian rear guards maintained at the crossings on the Upper San in the region of Sanok, were attacked by our troops. The siege of Przemyśl which was suspended during the period in which the Austro-German armies were on the offensive has been re-established."

**Australians Embark.**

San Francisco, Nov. 12.—Passengers who arrived here today on the liner Ventura, which left Sydney, October 24, reported that a few days before sailing 25,000 Australians troops were embarked in twenty-three transports, conveyed by fourteen cruisers and sailed under cover of night for a destination rumored to be Egypt.

Field Marshall Earl Kitchener, the British secretary of state for war, announced at the annual banquet inaugurating the new Lord mayor of London at the Guild hall last Monday night that in addition to the forces of Canada, the vanguard of which had been welcomed in England, soldiers were on their way from Australia and New Zealand to fight for the imperial cause.

**French Communication.**

Paris, Nov. 12.—The official communication issued by the French war office tonight was as follows: "To the north we have held on all our positions. The enemy has sought to debouch from Dixmude by a night attack but has been repulsed."

"We have resumed the offensive against the enemy who had crossed the river Yser and have driven him back at all points except at one where he still occupies from 200 to 300 metres on the left bank. "In the center we have gained some ground in the region of Tracy-le-Val, to the northeast of the forest of L'algue."

"In the Argonne region the German attacks have been very serious but have amounted to nothing."

**From German Headquarters.**

Berlin, Nov. 12.—via London.—German general headquarters issues the following:

"The enemy advanced from Nieuport, as far as Lombaertzyde, but was driven across the Yser. The eastern bank of the Yser, as far as the sea, is now clear of the enemy. "Our attack across the Yser canal to South Dixmude is progressing. "In the region east of Ypres we have advanced further and captured 700 French soldiers, four cannon and four machine guns."

"The enemy's attacks in the forest of Argonne were repulsed. "In the eastern theatre of war

our cavalry operating near Kalisz have driven back the Russian cavalry which made a fresh advance. "Vienna headquarters reports that in the battle for the heights of Misar against the Serbians between November 6 and 11, 4,300 prisoners were taken.

"Constantinople headquarters reports that the Caucasian army is attacking the second line of the Russian positions. According to reports of prisoners the morale of the Russians is very bad."

"Turkish troops which have crossed the Egyptian frontier have occupied Elarish and Sheikhzar."

**Not Ready to Discuss the Matter.**

Washington, Nov. 12.—The United States government has no present intention of joining other neutral maritime powers in representations to the European belligerents, looking toward the opening to neutral merchantmen of trade channels in the North Sea now strewn with mines. Secretary Bryan said today the American government "was not ready to discuss the matter." He told Mr. Brun, the minister from Denmark, who called at the state department to ask what the government's attitude might be, that nothing had been done toward preparing a protest.

It is understood the position of state department officials is that they do not know who has laid mines in the North Sea and therefore have no authority for directing a protest to any particular nation among the belligerents. The notification recently received from Great Britain of the closure of the North Sea, merely stated that mine fields were located on routes previously used by merchantmen traversing the North Sea and advised such vessels to seek other routes. There was nothing to indicate that the mines were laid by the British and the impression has prevailed that many of them, at least, were German.

## NEGOTIATIONS BETWEEN WEEGHMAN AND HERRMANN END

Come to an Unexpected Halt Thursday After Their Fifth Conference.

Chicago, Nov. 12.—Negotiations between Charles Weeghman and August Herrmann expected to result in the former's acquiring control of the Chicago National League baseball club, unexpectedly came to a halt tonight after their fifth meeting. Herrmann, who represented the Taft interests in the meetings sent word to the newspapers that the preliminary stages in the negotiations had passed and that final terms must be arranged by Weeghman and Charles P. Taft.

It was generally believed tonight rumors that Charles W. Murphy held 52 per cent of the stock in the west side club as collateral for the purchase price due him and the likelihood of his opposing the removal of the club from the grounds, of which he is part owner, had a large part in stopping the deal. This however was not confirmed.

According to Herrmann there is hardly a chance anything further will develop this month.

**Pres. Taft Wins Point.**

Omaha, Neb., Nov. 12.—Territorial rights came in for a discussion, sometimes bitter, at the final meeting today of the National Association of Professional Baseball Clubs and the Three-Eye League was again to the fore. President Al Taft of that league won his point when he succeeded in transferring his Springfield, Ill., club to Rock Island, which is within the 5 mile limit of Davenport, which is expected to have the Ottumwa club of the Central Association the coming season.

President Sexton of the National Association was anxious to secure the Rock Island territory for the Davenport club and a resolution awarding it to the Central Association as a special courtesy to President Sexton was offered. It brought about a fierce contest between President Taft and President Sexton, the former holding up the vote on the question by numerous points of order. Other members joined in the discussion and the resolution was finally withdrawn at the request of President Sexton. The Three-Eye League will start the season with eight clubs.

An attempt to fix the annual meeting place in Chicago was given no encouragement, delegates refusing even to consider the matter. San Francisco was awarded the 1915 meeting. President Baum of the Pacific Coast League spoke for his city and the name of no other city was presented.

## STERLING EXCHANGE DROPS TO NORMAL RATES

Important Developments Showing Tendency Toward Normal Financial Condition.

New York, Nov. 12.—An important development towards the resumption of regular operation in the leading financial markets of the world was recorded today, when sterling exchange fell to normal rates for the first time since the beginning of the war. Cables on London were quoted at 4.87 3/4 and eight drafts at 1.87. There were heavy offerings of bills but buyers were scarce, a fact which tended to confirm the belief prevalent in many quarters that local banking interests with foreign obligations had purchased more exchange than they had found was necessary.

Another feature bearing directly upon this development was the call by the banking syndicate, which recently sold \$100,000,000 New York City six per cent notes for payment of another installment to meet maturities falling due in London and Paris. With this subscription fully three fourths of the entire \$100,000,000 will have been paid causing further heavy gold exports to Ottawa. Exchange on Germany fell to a new low figure. The decline being attended by reports of the establishment of additional

merchandise credits by Hamburg and Frankfurt interests.

There were further indications that preparations were being quietly made to reopen the stock exchange, presumably on a restricted basis, with dealings only for cash.

## TAKES OFF DANDRUFF: HAIR STOPS FALLING

Girls! Try This! Makes Your Hair Thick, Glossy, Fluffy, Beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—advertisement.

**RATES CHARGED BY BANKS**  
**WILL BE ANNOUNCED TODAY**  
Rates Will Necessarily Vary to Meet  
the Varying Conditions Through-  
out the Country.

Washington, Nov. 12.—Rates to  
be charged by the twelve reserve  
banks in the re-discounting of com-  
mercial paper offered by member  
banks probably will be announced  
tomorrow by the federal reserve  
board. The rate will not be uni-  
form but how much it will vary was  
not disclosed tonight.

Seeking aid in forming its opinion  
the board recently telegraphed to  
the governor of each of the reserve  
banks for suggestions. Most of these  
replies were in Washington tonight  
but will not be considered until  
tomorrow's session. Opinions as to  
the actual rate to be charged have  
varied at such times as the board  
has discussed this question infor-  
mally. There has been little talk  
however, of any rate greater than  
six per cent and it is probable that  
in some districts that it will be much  
lower than six per cent.

It was pointed out tonight that  
one of the objects giving the board  
authority to provide different dis-  
count rates in different reserve dis-  
tricts was to meet the varying con-  
ditions to be found in a country so  
large as the United States.

## WORLD'S MARKET NEWS

**EFFECT OF PEACE RUMORS**  
**NOT OF LASTING SORT**  
European Buying Soon Rallies  
Wheat Market—Predictions of Un-  
settled Weather Strengthens Corn.

Chicago, Nov. 12.—Although  
peace rumors led to a fresh break  
today in the price of wheat, the  
effect was not of a lasting sort, as  
European buying soon rallied the  
market. Closing quotations were  
steady at 1/2 to 3/4 above last night.  
Corn made a gain of 1/4 to 3/4 net  
and oats of 1/4 to 3/4. In  
provisions, the outcome varied from  
unchanged figures to a rise of 1/4.

Many holders of wheat scurried  
to unload on account of loose reports  
that friction had arisen between  
Germany and Austria and that the  
two countries were likely to sever  
relations. Exactly as was the case  
yesterday, exporters seized the op-  
portunity to become free buyers  
when the market was on the down  
grade. Afterward, sellers who tried  
to cover found that offerings had  
become light and that a new upward  
swing in prices could not be es-  
caped.

Predictions of unsettled weather  
tonight and tomorrow put strength  
into corn and so too did the fact  
that the export call for old corn was  
larger than could easily be supplied.  
Rural holders showed no disposi-  
tion to let go where values at loading  
stations had dropped under sixty  
cents. Seaboard demand upheld  
oats. A cargo of 250,000 bushels  
was reported as having been sold to  
Genoa, Italy, with bids open for an  
additional 900,000 bushels.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel, Pills, Act on Bowels Like Pepper Acts in Nostrils.

Get a 10 cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep. —advertisement.

SUIT AGAINST CUNNINGHAM ESTATE TO BE HEARD

Case is Docketed for Hearing at Present Term—Claim for \$7,500 Basis of Action.

The suit of Misses Mary M. and Blanche L. Jones against the estate of Patrick Cunningham has been filed in the circuit court and docketed for hearing at the present term. The proceedings have been brought by Judge M. T. Layman in behalf of the complainants. The action is based upon a claim of the Misses Jones for \$7,500 for board and care of the late Patrick Cunningham during a period of years.

Mr. Cunningham died early in the present year without a will and on application F. B. Henderson, public administrator, was appointed to administer the estate. Subsequently a bill for \$7,500 was filed by the Misses Jones as already related. The state, by T. F. Smith, as assistant state's attorney, entered a protest against the payment of the claim, setting forth that the late E. P. Jones, father of the Misses Jones, provided in his will that they as legatees under the will should care for Mr. Cunningham and give him a home during his life time and that the expense thereof should be a charge made upon the estate. When this evidence was introduced Judge Brockhouse in the county court declined to allow the claim. The proceedings now come in the circuit court on an appeal.

From the hearing of the county court Mr. Cunningham it seems had lived for years at the Jones home and had performed certain duties about the place, continuing to do so as long as his health permitted. It seems that he left an estate worth probably eight or nine thousand dollars consisting of a piece of property on South Clay avenue and certain notes and mortgages. So far as known he has no heirs and the money left after the payment of any claims which may be allowed will eventually be paid to the county treasurer and later on into the treasury of Illinois in accordance with the law governing such cases.

CENTENNIAL COMMISSION WILL PREPARE REPORT

Work During Past Two Years Will be Reviewed for General Assembly.

Springfield, Ill., Nov. 12.—Members of the Illinois Centennial Commission will begin work soon upon the Commission's report to be laid before the General Assembly when it meets next January. The report will review the work of the commission during the last two years, outline the plans decided upon for the celebration of the State Centennial in 1918, and make recommendations for carrying out the work.

Prominent among the recommendations of the Commission will be the acquiring by the state of two square blocks of ground lying directly south of the present capitol grounds. The necessity for additional state buildings from time to time is apparent to everyone and it is urged that a practical economy can be practiced by securing the ground now instead of waiting until it has greatly increased in value. By obtaining sufficient ground now to meet all possible requirements for years to come, a plan of grouping of buildings and landscape gardening can be worked out which it is declared will give Illinois the finest capitol grounds in the country.

Another recommendation by the Commission which is expected to meet with general approval will be for the publication of a Centennial History of Illinois, giving an authentic story of the marvelous development of the state in its one hundred years of existence. Governor Dunne already has approved of the publication plan and the work of preparing the various volumes are under way, so that they will be completed and off the press by Centennial year.

The Commission also has planned for an elaborate Centennial celebration to be held at the capitol and for state-wide celebrations to be held in every county throughout the state. These local celebrations will be participated in by school children, educators, members of historical, patriotic and civic organizations and by individuals generally. There is every indication that the celebration will be the most elaborate, impressive and instructive ever given in the United States on an occasion of this character.

SEEK TO PROVIDE FARMS FOR IMMIGRANTS Plan Fostered by Railroads Will Give Aid to Europeans Driven to This Country by War.

Chicago, Ill., November 12.—A gigantic plan, fostered by every railroad in the United States, to provide farms for immigrants driven to this country at the conclusion of the European war, was launched in Chicago. The plan is to be carried out by the Railroad Industrial Improvement Association, which is made up of industrial representatives of more than 300,000 miles of railroad. A two-days' convention of the organization is in session at the Hotel La Salle.

The movement was outlined by F. H. La Baume, president of the association, and industrial agent of the Norfolk and Western Railroad. He said: "The farms of Belgium, Western France, Austria and perhaps Germany will have been devastated at the close of the war, and their owners, if alive, hopelessly bankrupt. They will face enormous taxes. America will be their mecca. The railroads of the United States, the heaviest owners of good farming land, are planning to 'stake' these very desirable farmer immigrants to small farms by the tens

## QUARANTINE STOPS AID IN FIGHTING FLAMES

FARM HOUSE NEAR ASHLAND IS  
DESTROYED.

Presence of Foot and Mouth Disease Among Cattle Keeps Neighbors Away—Three Others Farms Near Ashland are Quarantined.

A quarantine, established because of the presence of the foot and mouth disease among cattle, prevented neighbors from aiding in extinguishing flames which destroyed the residence of Robert Vian, three miles north of Ashland, Wednesday morning.

The fire was discovered about 7 o'clock and is thought to have been caused from a defective flue, as smoke was first seen coming through the shingles of the roof. Some of the neighbors hurried to the place but were forced to stand by and watch the house burn on account of the quarantine. It is probable that the neighbors could have been of little assistance, even though they had been allowed to help, as the fire burned rapidly and there was little water on the place with which to work. The house, a four room, one story structure, was completely destroyed, but Mr. and Mrs. Vian succeeded in saving the greater part of their household goods. The house was owned by Mrs. Maria Sage of this city and it is understood that the loss is partially covered by insurance.

Permission was obtained from the veterinary who established the quarantine, for Mrs. Vian to have her clothing disinfected and leave the place and she is now at the home of her parents, Mr. and Mrs. George Wankle, near Litchberry. Mr. Vian is still on the farm and has had a tent erected, in which he will live for a time.

Two of Mr. Vian's cattle are victims of the foot and mouth disease and they, with two others in the same bunch, are to be killed. Quarantines have also been established on the farms of Lou Savage, Samuel Savage and a Mr. Carson, all in the same neighborhood, on account of the disease. It is understood that Lou Savage's cattle are to be killed and 2,000 bushels of corn, which he has in a crib and which is thought to be infected, is to be burned.

Interment will be made in Jacksonville cemetery.

## SOCIAL EVENTS.

Mrs. H. H. Richardson entertained at a sewing, at her home west of the city Thursday afternoon, in honor of Miss Bess Middleton, who is to wed Mr. Grover Grimley, next Wednesday evening. The house was decorated in red and white by the use of flowers and autumn foliage and the hours were from 10:30 till 5. At noon a five course duck dinner was served and the afternoon was spent in hemming table napkins and Mrs. A. E. Richardson furnished some delightful music. The event proved a pleasurable one in every way.

The guests present were: Mrs. J. W. Wilson, Mrs. H. H. Richardson, Mrs. A. E. Richardson, Mrs. Homer Ranson, Mrs. Fred Megginson, Mrs. Walter Bobbitt, Mrs. Vincent Riley, Mrs. John Gibbs, Mrs. Scott Holmes, Mrs. Herbert Mawson, Misses Bess, Grace and Sarah Middleton, Cora Megginson, Carrie Gibbs, Jessie Daggett, Florence Tichnor, and Stella Vasey.

Mrs. Harry Brady and her mother, Mrs. Charles Thompson, gave an afternoon tea at their home, 1153 West State street Thursday afternoon. The home was very prettily decorated, for the occasion, yellow roses were effectively used in the parlor, where the guests were received by the hostesses. In the lower hall long stemmed yellow chrysanthemums were used, lavender pink chrysanthemums in the living room and white chrysanthemums in the west sitting room. Pink prevailed in the dining room and a high basket of Killarney roses surrounded by pink shaded candles formed the centerpiece on the dining table. The hours from 3 to 6 proved most delightful. Mrs. J. R. Robertson, Mrs. Felix Farrell, Mrs. F. J. Waddell and Mrs. W. T. Wilson poured and those assisting the hostesses were Mrs. W. J. Brady, Mrs. Howard French, Mrs. Frank Byrns, Mrs. Julia Pierson, Miss Effie Epler, Mrs. W. A. Jenkinson, Mrs. Fred Rowe and Mrs. William Floreth.

Mrs. S. A. Fairbank entertained the members of the Men's Bible class of the Congregational church and their wives Thursday evening at her home, 905 Grove street, at an old fashioned party in honor of Capt. L. E. Penfield, who is to leave about November 23 for Los Angeles, Calif., to make his home with his daughter, Mrs. Wyman. About twenty were present and a pleasant social evening was spent, during which refreshments, of a nature in keeping with the occasion, were served.

Mrs. George Swain entertained a number of friends at her home in the Sinclair neighborhood Thursday. A four course dinner was served and greatly enjoyed. Mrs. Swain underwent an operation at Passavant hospital a month ago and her many friends are rejoicing that she is able to be among them once again.

Those present were: Mr. and Mrs. George Thompson, Mr. and Mrs. Cole Sanders and daughter Myra, Mr. and Mrs. William Davis and daughter Dorothy, Mrs. William Harrison, Mr. and Mrs. Frank Green and children, Carl and Frances and Miss Mary Lamb.

For the young ladies employed by the Clover Leaf Casualty Company, Miss Marie Selbert entertained Thursday evening at her home, 316 East College avenue. She was assisted by Miss Louise Strandberg. Eighteen young ladies were present and all enjoyed a most delightful evening. In the games played prizes were won by Misses Emma Koppmeyer and Edna McBride. Delightful refreshments were served.

Invitations have been issued for an "at home" to be given by Mrs. John A. B. Bellatti and Miss Bellatti, Thursday, Nov. 19, from three until six o'clock, for Mrs. Walter Bellatti, Mrs. Paul D. Moriarty and Miss Anne Bellatti.

Mrs. G. W. Flagg was hostess to the ladies of the Centenary M. E. church at the parsonage Thursday afternoon. She was assisted by Mrs. Mary Wells, Mrs. Carrie Phillips, Mrs. Naomi Whorton, Mrs. Imogene McFall, Mrs. Richard Dods-worth, Mrs. Emma Corrington and Mrs. F. J. Garland. Fancy needlework occupied most of the afternoon and Mrs. Glecker head of the school of expression of the Woman's college gave several delightful readings. Light refreshments were served.

The next birthday social will be held with Mrs. Harry Hart, Tuesday, Nov. 24. The assistant hostesses will be Mrs. Dwight Kastrip, Mrs. C. O. Bayha, Mrs. George Fuhr, Miss Clara Ranson, Mrs. William Kastrip, Mrs. T. L. Cannon, Mrs. Lena Kellogg.

Mrs. Julia Holmes entertained a company of friends at a sewing at her home on West College avenue Thursday afternoon in honor of Misses Lottie and Effie Green of Chicago. A very delightful afternoon was spent and refreshments were served.

Mrs. B. Wolford of Bluffs was shopping in the city Thursday.

### NO ELECTION CONTEST ON COMMISSIONERSHIP

Difference in Vote on Commissioner and Total Number of Voters Gave Rise to Contest Rumor.

Since the election there have been some rumors that possibly Allison Thomason might begin contest proceedings directed against David Wilson who was elected commissioner by a majority of 37 votes according to the official canvass. It seems, however, that while Mr. Thomason has been looking up the records of the election canvass, that he has no intention of making a contest.

The fact that there is a great difference in the vote cast for commissioner and the total number voting probably gave rise to the story that a contest was being considered. In district No. 3, for example, there were 38 ballots of voters who expressed no choice on commissioner, and in district No. 5 there were 64 who did not vote at all for any candidate for this office. The figures show that the total number of votes cast for the various candidates for commissioner was 465 less than the actual number of voters. At first thought this seems to be a vast difference but the records show that four years ago the number was even larger, and the vote on commissioner was at that time 508 less than the total number of votes. This difference can usually be accounted for by the fact that there are always some voters who are simply interested in the success or one candidate and they vote for him and pay no attention to the rest of the ticket. This may result because of the active work of the candidate himself or simply because of the warm friendship of some of his supporters. In one precinct there were 38 voters who placed a cross opposite the name only of one candidate on one ticket and they voted for no one else. There were like instances for other officers in other precincts, but the numbers were not so large.

### PALESTINE BIBLE CLASS

GUESTS AT W. E. HALL'S HOME

Delightful Evening Spent by Sunday School Organization of Grace E. Church—Election of Officers Held.

One of the most pleasant gatherings in the history of the Palestine Bible class of Grace E. church, was held at the home of W. E. Hall, 709 South Main street and Mr. Hall and his aunt, Mrs. C. J. Armstrong, proved delightful entertainers. The house was suitably decorated for the occasion and each one present was given a beautiful carnation by Mrs. Armstrong. The class is composed of 34 members.

The members gathered at 6:30 when an elegant four course dinner was served. Preceding the meal a quartet composed of Mrs. C. E. Collins, Henry Pinkerton, E. A. Hearn and Paul Morrison, gave several selections. Prof. Henry V. Stearns acted as accompanist.

After supper Mrs. Charles A. R. Stone delighted the company with several vocal numbers and addresses were heard from Judge M. T. Layman, Rev. J. W. Miller, Rev. H. J. Floreth, Prof. C. A. R. Stone, Dr. T. J. Pitner, and Prin. C. E. Collins, the newly elected superintendent of the Sunday school.

At the business session it was voted that the class secure a picture of the late S. R. Capps, who for more than fifty years, was teacher of the class. The ladies missionary society will secure a picture of Mrs. Capps and at the time these pictures are hung on the wall of the class room appropriate exercises will be held. The chairman of the evening was S. O. Shuff, late president of the class.

### Election of Officers.

The following was the election of officers with several committees to be appointed:

President—W. E. Hall.  
Vice President—M. T. Layman.

### MYSTIC SHRINERS

WENT TO SPRINGFIELD

Fall Ceremonial of Ansat Temple a Notable Event.

The fall ceremonial of Ansat temple Mystic Shriners was held in Springfield yesterday. Those attending from Jacksonville, so far as was learned, were W. W. Gillham, G. P. Davis, R. R. Buckthorpe, L. G. Magill, Harry Hofmann, Harvey D. Atkins, Dr. W. P. Duncan, H. K. Snyder, Charles Cruse, A. J. McCarty and H. T. Rodgers. The trip was made in autos and the start was made from here at 3 o'clock in the afternoon. The principal exercises and program were held in the state armory in the evening and a class of fifty applicants were added to the membership of the order. Ansat temple now has a membership of over one thousand, making it one of the largest in the United States.

A business meeting was held at 5 o'clock in the evening followed by a "traditional dinnerette" served in the banquet hall of the Masonic temple. At 7 o'clock a parade was formed and it was headed by the Oriental band of the temple. The march was from the temple to the armory building where the ceremonies began promptly at 7:30 o'clock, conducted by the directors and Arab patrol. The floor work was in charge of the Springfield team which had reached the degree of perfection under the drill instruction of Capt. Charles P. Summers. The committee of arrangement with Frank L. Hatch as chairman certainly did all that was possible to make the meeting a very enjoyable one.

## FEDERATION HEARS TUBERCULOSIS REPORT

RESULT OF BALLOT ON PRESIDENT TO BE ANNOUNCED TODAY.

Dr. Josephine Milligan of Jacksonville Reports Completion of Illinois Tuberculosis Survey—Delegates Announce Policy in Set of Resolutions.

Springfield, Ill., Nov. 12.—Delegates to the annual convention of the Illinois Federation of Women's clubs spent most of today in balloting on president and the result will be made known tomorrow. The only contest is for president and it appears that Mrs. Charles Zimmerman of Chicago will be elected. Her only opponent is Mrs. Howard T. Wilson of Virden, but a large part of the down state delegation is supporting Mrs. Zimmerman.

The principal event on the program Thursday afternoon was the report of the state tuberculosis survey by Dr. Josephine Milligan, Jacksonville. About three years ago the State Association for the Prevention of Tuberculosis asked the State Federation to aid in making a tuberculosis survey of the state and it was the result of this work which Dr. Milligan summarized in her address at 2:30 o'clock Thursday afternoon.

Among other speakers Thursday were Senator Hugh S. Magill, superintendent of the Springfield public schools, Mrs. Eugenia R. Curry of Mt. Sterling gave a report of the work of the public health department.

Adopt Resolutions.

The federation adopted the following resolutions:

Favoring a constitutional convention for the purpose of providing for complete woman suffrage.

Abolishment of houses of ill-fame and the distribution of sex hygiene pamphlets by the state university.

Favoring peace in Europe.

Endorsing the Lincoln Highway.

Endorsing the Gillett bill, making polygamy a federal offense.

Endorsing the Fashion Art League in its movement for American designed gowns.

The convention will close tomorrow.

### The Tuberculosis Survey.

In connection with the report by Dr. Milligan there was shown an anti-tuberculosis exhibit containing maps of each county with the number and location of cases thereon designated.

Dr. Milligan was at first in charge of the survey in the twentieth district only but about a year ago she assumed leadership of the survey throughout the state and the success attending her efforts is in part attested by the enthusiastic reception tendered her address by the assembled delegates at the federation meeting. Her report was heard with the best attention and at the conclusion loud applause greeted her. Dr. Milligan's home district was among those most thoroughly mapped out and canvassed and in fact it was the twentieth which stood with the twelfth, a Chicago district, as first in the state in the matter of anti-tuberculosis activity and good survey work. One woman in each district was made responsible for the work and in each county there was a committee chairman engaged in collecting tuberculosis statistics.

The value of the survey in the furtherance of public health education was among the points emphasized by Dr. Milligan. Each worker in the preparation of the survey becomes conversant with the causes and methods of prevention of the disease and each does much to disseminate this valuable information and to arouse interest among the members of her own club. Progress in this regard has been remarkable and much of the success evidenced recently in the fight against tuberculosis has been due to the survey work.

### MATRIMONIAL

#### Barnard-Hobbs.

Charles A. Barnard of Athensville, Ill., and Miss Edna W. Hobbs of White Hall were united in marriage Thursday afternoon at the Centenary church parsonage by Rev. G. W. Flagg. The groom is the son of Mr. and Mrs. W. J. Barnard of Athensville. The bride is the daughter of Mr. and Mrs. G. C. Hobbs of White Hall. They were accompanied by Mrs. Effie M. Walters, who resides in the Durbin neighborhood.

Mr. and Mrs. Barnard will reside on a farm but have not definitely decided whether they will be residents of this state or will move to Missouri. Their many friends wish them every happiness and success.

#### Wiggins-Richards.

Tallula Record: On Monday evening at 8 o'clock occurred the marriage of Mr. Walter Wiggins of Tallula, and Miss Mae Richards of Murrayville, Ill., at the home of the groom's father, Mr. J. W. Wiggins, in the presence of the immediate family of the groom and Dr. and Mrs. A. E. Smedley.

The Rev. F. M. Lindenmeyer used the ring ceremony in uniting these two young people for the journey of the years.

The bride wore a white serge, trimmed in French knots and pink rose buds. She is a graduate nurse with a pleasing disposition, and will be a true companion to her husband.

The groom is one of our courteous, honest, reliable young business men endowed with thrifty, industrious habits.

They will make their home with the father of the groom.

### FUNERAL NOTICE.
